- Guard on duty evenings, nights and weekends
- Beautiful Chapel for Mass and non-denominational services

## **Your home for life**

The Village of St. Edward's healing ministry provides a full continuum of care that values the sacredness of life and the dignity of each resident, whatever their stage of life. Our campus offers Independent Living, Assisted Living and Skilled Nursing Care.

In keeping with our Catholic values and our commitment to our community, we will *never* turn you away if you outlive your funds.

**Our Skilled Nursing Center** provides the highest quality of life, respect and independence for those needing round-the-clock nursing care and assistance.

On each floor of the Nursing Center, a Household Director oversees the care of each resident. She is responsible for individualized care planning and implementation, often collaborating with physicians to develop safe strategies that address a resident's problems and desired outcomes. She also educates residents and their families about their care plan and maintains open, respectful communication between resident, family and staff.

Offering a full range of medical services, the center is staffed 24 hours a day by licensed nurses. Our services are licensed by the State of Ohio, certified by the federal government, and accredited by The Joint Commission. We also provide post-acute care including physical, occupational and speech therapy.

*All Nursing Care placement is based on an assessment by our nursing team. We accept Medicare, private pay, private insurance and Medicaid.*
